

When is My Course Offered?

Course availability subject to change based on student/institutional needs

Courses Offered Fall, Spring, and Summer:

MATH115 – College Algebra
MATH125 – Introductory Statistics
MATH130 – Precalculus
MATH134 – Managerial Calculus
MATH140 – Calculus I
MATH141 – Calculus II
MATH240* – Multivariable Calculus (“Calculus III”)
MATH242* – Multivariable and Vector Calculus
MATH260* – Linear Algebra
MATH345 – Probability and Statistics I

* During the summer, this course is typically only offered during SS2

Courses Offered Fall and Spring Only:

MATH114QR – Quantitative Reasoning
MATH129 – Managerial Precalculus
MATH135 – Survey of Calculus
MATH270 – Ordinary Differential Equations
MATH314 – Introduction to Proofs

Courses Offered Fall Only:

MATH291 – Mathematical Software
MATH358 – Complex Analysis
MATH360 – Abstract Algebra I
MATH390 – Math Problem Solving Seminar
MATH425 – Numerical Analysis
MATH447 – Probability Models
MATH455 – Introduction to Statistical Machine Learning
MATH460 – Survey of Geometry

Courses Offered Spring Only:

MATH265 – Discrete Structures in Mathematics
MATH361 – Abstract Algebra II
MATH370 – History of Mathematics
MATH426 – Numerical Linear Algebra
MATH440 – Topology
MATH448 – Computational Statistics
MATH450 – Real Analysis
MATH455 – Introduction to Statistical Machine Learning
MATH458 – Theory of Numbers

Courses Offered Summer Only:

MATH470 – Mathematical Logic (SS1)
