2. Budget Justification – Provide a justification for each budget line item. Use the comment area in the budget section of the form.
3. Abstract – Abstracts are a maximum of 1 page, with a font size no smaller than 12. Please include the following:
 - a. A succinct project description and summary of the proposed work which should be informative to other persons working in the same or related fields
 - b. If applicable, briefly describe the interdisciplinary or multi-disciplinary nature of the proposed project
4. Project Narrative - Narratives are a maximum of **4 pages (including references)**, double-spaced, with a font size no smaller than 12. This is the core of the proposal describing the project for which funding is being requested. The applicant must be as clear as possible, remembering that the review committee will represent various disciplines and program areas and will not necessarily have strong expertise in the subject matter of the proposal. **The project narrative will be evaluated based on the following elements:**
 - a. Specific goals, objectives, and problem statement for this research or scholarly activity
 - b. Significance of the project to your field and to you as a researcher
 - c. Research methods and approach
 - d. Outcomes of the proposed project (e.g., preparation of a manuscript for publication, production of a piece of music or art, presentation at a professional meeting, submission of a proposal for external funding)
5. [Biosketch\(es\)](#) - a biosketch is needed for each PI and Key Personnel – maximum **3 pages**. Further instructions are on the Biosketch Template found [here](#).
6. [Current and Pending Support](#) - PI's and all Key Personnel must each complete the Current and Pending Support form found [here](#).
7. **Other Attachments** -Letters of collaboration should be limited to stating the intent to collaborate and should not contain endorsements or evaluations of the proposed project. Letter of Collaboration Template found [here](#).

Review Process and Committees

Each Internal Funding Opportunity has its own Review Committee. Each committee is comprised of university faculty and research staff members and will review all proposals and make award recommendations. The final funding and award decisions will be made by the Vice Provost for Research. The committee will evaluate, score, and rank each eligible proposal according to the following merit criteria:

- Significance
- Approach/Project Design
- Innovation
- Goals and Objectives

- Investigator(s) Qualifications

Award Management

The Joseph P. Healey Grants are administered in accordance with established university fiscal procedures and policies relating to the conduct of sponsored programs. The anticipated project period will be from July 1, 2025, to December 31, 2026. All budget expenditures and project activities must occur within the project period.

The following conditions are made to all awards and must be adhered to by each recipient:

- A final project report must be submitted via email by December 31, 2026, summarizing grant activities, expenditures, and outcomes. Please access the ORSP internal grants page to access the most up-to-date final report template.
- One copy of submitted, published, or conference papers and facsimiles or descriptions of artistic creations that result from the project activities must be emailed when they become available.
- All publications resulting from the grant project and all narratives associated with exhibitions or performances of works resulting from the grant project must acknowledge the assistance of the Joseph P. Healey Research Grant program of the University of Massachusetts Boston.
