

C-26 D. Disclosure of Education/Training Outcomes and Information Allowing for Informed Decision-Making to Prospective Doctoral Students
Program Disclosures

As articulated in Standard I.B.2, programs may have “admission and employment policies that directly relate to affiliation or purpose” that may be faith-based or secular in nature. However, such policies and practices must be disclosed to the public. Therefore, programs are asked to respond to the following question.

<p>Does the program or institution require students, trainees, and/or staff (faculty) to comply with specific policies or practices related to the institution’s affiliation or purpose? Such policies or practices may include, but are not limited to, admissions, hiring, retention policies, and/or requirements for completion that express mission and values.</p> <p>If yes, provide website link (or content from brochure) where this specific information is presented:</p>	<p><input type="checkbox"/> Yes</p> <p><input checked="" type="checkbox"/> No</p>

**The higher graduation rate this year reflects several students who were delayed in their years to completion due to the COVID-19 pandemic.*

Also, please describe or provide a link to program admissions policies that allow students to enter with credit for prior graduate work, and the expected implications for time to completion. Please indicate NA if not applicable:

Students who enroll who have earned a master’s degree from another university can receive credit for a maximum of two courses, and do not graduate any faster (on average) than students enrolling with only a BA/BS degree. See “Course waiver policy” and “Course substitution policy” in the [Program Handbook](#).
